DecoStar 51-466

The image features a light brown wood grain texture with vertical black stripes. The stripes are evenly spaced and run from the top to the bottom of the frame. The wood grain shows natural variations in color and texture, including some knots and grain patterns.

DecoStar 51-409

The image features a vertical wood-grain pattern in a medium brown color. This pattern is overlaid with a series of vertical black stripes that are evenly spaced and run the full height of the image. The stripes create a rhythmic, striped effect against the natural wood texture.
